Marathi

## PROJECTS

### THESocialApp | February 2022 - March 2022

- Social Media Web application developed with MERN Stack and Socket.io with account, feed, follow unfollow and messenger functionality. It uses Socket.io to send and receive messages between users in real time and Cloudinary to save media uploads.

### Textify | November 2022 - December 2022

- Note taking website where users can create and manage texts. It is developed in Django and uses Django Templates and Views for full stack functionality and Bootstrap for styling the user interface.

### Foodiespot | January 2022 - April 2022

- Restaurant Order Management cross-platform mobile application where users can view and search for any restaurants and place their orders. It uses Firebase for authentication and RN paper for styling user interface.

## AWARDS AND HONOR

- GDSC and ITESA Club Activities - Conducted several events on Web and Mobile development.
